

# The 5:55 - Slow Down

tom:  
 G  
 Slow down, where you got to go  
 Oh, draggin' ain't my way  
 I, need to find my soul  
 Slow down, things I ought to know  
 Oh, elected my delay  
 I need to find my soul

[Primeira Parte]

Bm A  
 Yeah I think that I mastered the motion  
 E A  
 Gettin' lost and I'm stuck in the notion  
 Bm A E  
 That I'm right and the answers are all the same  
 B A E  
 Here I am at the edge but I won't stop  
 A E Bm  
 Light it up, rippin' shots, now I got too far to walk and all  
 my friends took my keys away

[Refrão]

Bm A E  
 Slow down, where you got to go  
 Oh, draggin' ain't my way  
 I, need to find my soul  
 Never in the moment gotta  
 Bm A E  
 Slow down, things I ought to know  
 Oh, elected my delay  
 I need to find my soul

[Segunda Parte]

B A  
 Yeah they say that I'll know when I see her  
 E A  
 Scared her off but I feel that I need her  
 Bm E  
 But the rules in the world keep me rushin' that way  
 Bm A  
 Now I'm stuck in a job that I once had  
 E  
 Back in high school but now I'm a post grad  
 Bm B E  
 Dress it up to my friends like I don't need a break  
 Bm A E A  
 And I feel like I can roll up, face it all and be ignored  
 Bm A E  
 Cuz I'm stronger every time, it's gettin' old

[Refrão]
