

# The Aces - Volcanic Love

Tom: G

Intro: Gb Ebm Gb Ebm

Out of the darkness  
I sparked a match that set the fire

Hear the wind talking  
It's stirring up my bad desires

My love is leaving  
Before the lightning hits the ground

While I'm looking forward  
My mind is moving backwards now

[Pré-Refrão]

Lo-ove, my love, volcanic lo-o-ove  
Lo-ove, my love, volcanic lo-o-ove

[Refrão]

You're burning me up  
Tell me you feel it now  
You're burning me up  
I know you need it now  
Lo-o-o-ove, volcanic lo-o-ove  
Lo-o-o-ove, volcanic lo-o-ove

I get the feeling  
You worry 'bout me way too much

Caught in the moment  
We love what can't be good for us

And I've been sinking  
Into my sheets alone at night

Under the ashes  
The heat you left just won't subside

[Refrão]

You're burning me up  
Tell me you feel it now  
You're burning me up

I know you need it now

Lo-o-o-ove, volcanic lo-o-ove  
Lo-o-o-ove, volcanic lo-o-ove

[Ponte]

Under the ashes, under the ashes, under the ashes  
I'm on fire, baby

Under the ashes, under the ashes, under the ashes  
I'm on fire, baby  
I'm on fire

[Refrão]

You're burning me up  
Tell me you feel it now  
You're burning me up  
I know you need it now

Lo-o-o-ove, volcanic lo-o-ove  
Lo-o-o-ove, volcanic lo-o-ove

Lo-ove  
(I know you need it)

Lo-ove  
(I know you need it)

Lo-ove  
(You're burning me up)

Lo-ove  
(You're burning me up)

Lo-ove  
(You're burning me up)

Lo-ove  
(You're burning me up)

Under the ashes, under the ashes, under the ashes  
I'm on fire, baby
