

The Amity Affliction - All Fucked Up

Tom: D

[Verse 1] :

When I wake up I'm thankful
 I slept through the night
 Cause that is the only time I feel alright
 Keep my eyes closed
 So I sleep the sadness away
 When I wake up I'm sure
 That it won't be the same

[Pre Chorus] :

All the panic, depression, the hurt and regret
 Lying to myself
 "I don't think of death..."
 All the ups all the downs
 All the petty concerns
 My whole world's imploding
 I can't find the words

[Chorus] :

Cause the truth is... I'm fucked up
 The truth is that I'm all fucked up - like you
 Yeah we're all fucked up it's true
 (The truth it I'm all fucked up like you, yeah we're all fucked up)
 And the truth is, they don't hear the words we say
 Yeah they all just turn away
 (The truth is they don't hear the words we say, yeah they're all fucked up)

[Break] : Bm A Bm D A

[Verse 2] :

If I wake up tomorrow
 Just know that I tried
 To find a way out
 Without saying goodbye

[Pre Chorus] :

All the panic, depression, the hurt and regret
 Lying to myself
 "I don't think of death..."
 All the ups all the downs
 All the petty concerns
 My whole world's imploding
 I can't find the words
 [Chorus] :

Cause the truth is... I'm fucked up
 The truth is that I'm all fucked up - like you
 Yeah we're all fucked up it's true

(The truth it I'm all fucked up like you, yeah we're all fucked up)

And the truth is, they don't hear the words we say
 Yeah they all just turn away

(The truth is they don't hear the words we say, yeah they're all fucked up)

[Outro] : Bm D G Gbm

Will you save my life... Or just say goodbye?
 Will you save my life... Or just say goodbye?
 Will you save my life... Or just say goodbye?
 Will you save my life... Or just say goodbye?
 Will you save my life... Or just say goodbye?
 Will you save my life... Or just say goodbye?
