(Spoken:)

This following program is dedicated to the city and people of San Francisco

Who may not know it, but they are beautiful - and so is their city

This is a very personal song, so if the viewer cannot understand it -

particularly those of you who are European residents - save up

all your bread and fly Trans-Love Airways to San Francisco, USA

Then maybe you'll understand the song
It will be worth it - if not for the sake of this song
But for the sake of your own peace of mind
