

Arcade Fire - Neighbourhood 4 7 Kettles

Tom: G

octaves during the verse:

Tabbed by: Erol Sabadosh

The chorus goes like this:

The following riff can be heard throughout the majority of the studio version of the a pedal and let it run for the duration while playing the second guitar part live)

They say a watched pot won't ever boil
Well I closed my eyes and nothing changed

Over the top of the riff the second guitar plays some notes in

Just some water getting hotter in the flames
