Intro: G

G
War is over now
I feel my mind returning
Carried on a cloud
Every nerve was burning over you **Em**
I never had a need at all for anyone **Am**
Anyone other than you **D**
But now that's through **D7**
So through
We're prayin' to get it fast **C**
And we pray it's in the past **Bm**
Is anything we do, ever gonna last? **G**
Couldn't I have a clue? **Am**
Searchin' the blue **G**
Searchin' the blue **Am**

Couldn't I have a clue?
Searchin' the blue
I'm searching the blue **F D**
The lay of land disease **G**
Rocky and uneven
The light that we receive
Clouded beyond reason **Em**
Still we breathe **Am**
A human knows its self throughout without a doubt **D**
For better, for worse we will remain **D7**
The same
We're prayin' to get it fast **C**
And we pray it's in the past **Bm**
Is anything we do, ever gonna last? **G**
Couldn't I have a clue? **Am**
Searchin' the blue **G**
Couldn't I have a clue? **Am**
Searchin' the blue
I'm searching the blue **F D**
