

The Avett Brothers - Swept Away

Acordes

```
But what'd you really mean when
 You said that I'm your man
Well how
My darling can it be
When you have never seen me
And you never will again
[Refrão]
That you swept me away
Yeah you swept me away
[Quarta Parte]
Well life
Is ever changing but I
Can always find a constant
And a comfort in your love
With your
Heart my soul is bound
And as we dance I surely know that
Some kind of heaven will be found
[Quinta Parte]
And you send my life a whirling
Darling with you're twirling
On the floor
   G
And who cares about tomorrow?
Girl, what more is tomorrow?
Than another day
[Refrão]
When you swept me away
Yeah you swept me away
Yeah you swept me away
```
