

The Band Perry - Walk Me Down The Middle

Tom: G

I was meant to be by your side
 And I have waited here a long time
 For you to turn around and notice me
 But now you're here holding hands with me
 Walk me down the middle of the county fair
 Walk me down the middle like you don't care
 Walk me by the ferris wheel
 And make sure she sees
 Let the whole world know you belong to me
 I heard about your bitter end
 About how she stole your heart and put it back again
 Well I may not be the prettiest girl around
 But I sure am a sight for sore, sore eyes
 Walk me down the middle of Main Street

Walk me down where the whole town will be
 I don't need no parade
 But make sure that she sees
 Let the whole world know you belong to me
 I'd walk through fire for you
 Walk through barbed wire for you
 I'd walk for miles, it's true
 Just to be with you
 If you walk me down the middle of my momma's church
 Walk me down that aisle in your finest shirt
 Let the whole world know you will
 Walk me down the middle of the county fair
 Walk me down the middle like you don't care
 Walk me by the ferris wheel
 And make sure they see
 Let the whole world know you belong to me
