

## The Band Perry - Walk Me Down The Middle

```
Tom: G
 С
         D
And I have waited here a long time C D G
For you to turn around and notice \ensuremath{\mathsf{me}}
But now you're here holding hands with me
C D
Walk me down the middle of the county fair C
Walk me down the middle like you don't care
Walk me by the ferris wheel \frac{G}{C}
And make sure she sees
Let the whole world know you belong to me
C / G / D
I heard about your bitter end C D G
About how she stole your heart and put it back again
                         D
Well I may not be the prettiest girl around
But I sure am a sight for sore, sore eyes
Walk me down the middle of Main Street
```

## **Acordes**

```
Walk me down where the whole town will be
I don't need no parade
But make sure that she sees
Let the whole word know you belong to me
CG/D
I'd walk through fire for you
Walk through barbed wire for you
I'd walk for miles, it's true
Just to be with you
If you walk me down the middle of my momma's church
Walk me down that aisle in your finest shirt
                    D
Let the whole world know you will
Walk me down the middle of the county fair
Walk me down the middle like you don't care
               D
Walk me by the ferris wheel
    G C
And make sure they see
                                     C / G / D
Let the whole world know you belong to me
```
