

The Beatles - Glad All Over

Tom: E

INTRO: A E

Ain't no doubt about it
 This must be love
 One little kiss from you
 And I feel glad all over
 Oo baby, hot dang gilly
 It's silly
 But I'm glad all over
 Yeah the goosepimples baby
 Cos I feel so good
 When you call me like you do
 And I feel glad all over
 Oo mercy, I'm rock gone puppy
 And I'm happy
 And I'm glad all over
 Your touch sewed me
 Like an electric wire
 Never thought of make love
 It don't take much looking
 To see what I've got
 But it shows, yes it shows
 Come on honey Bonnie
 Give me one more time
 A
 Everytime you do

Well I feel glad all over
 Oo baby, hot dang gilly
 It's silly
 But I'm glad all over
 Yeah!
