

The Beautiful Girls - And We'll Dance On The Ashes Of What's Left

Tom: A

m
 Guess we came up in a ghost town
 Dm
 Now all those buildings have burned down
 C B Am
 Another price to be paid for being free

Am
 It's getting harder to see now
 Dm
 That the lights have all gone out
 C B Am
 Can't pay for the electricity

F G Am G F
 And all along they've been saying nothing new to me
 G F G Am G F G
 Lately, seems right is wrong and wrong is everything we need
 maybe
 F G Am G F
 And still the beds are burning, burning in our sleep
 G F G Am
 Take me away from everything I see

Am
 There' gunshots on the dancefloor
 Dm
 Please tell me what do we die for?
 C B Am
 And by the way, yesterday, bet you were me

Am
 Seen hard days, probably see more
 Dm
 There's police at the front door saying
 C B Am

"By the way, yesterday, heard you were free"

F G Am G F
 And all along they've been saying nothing new to me
 G F G Am G F G
 F
 Lately, seems right is wrong and wrong is everything we need
 maybe
 F G Am G F
 And still the beds are burning, burning in our sleep
 G F G Am
 Take me away from everything I see

Am Dm
 And we'll dance on the ashes of what's left
 E
 as long as these hearts beat in our chests
 Am Dm
 And we fell through the railings and pavements
 E

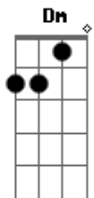

while I wondered if they get what I get
 Am Dm
 And I promise you I won't be leaving
 E
 without taking you where I go
 Am Dm
 See the price of belief's in believing
 E F G Am
 Anywhere that we go we'll be share this same old song

F G Am G F
 And we'll be standing singing. Oh-oh-oh-oh-oh
 F G Am G F
 As if it's life we're living. Eh-eh-eh-eh-eh
 F G Am G F
 As if it's blood we're spilling. Oh-oh-oh-oh-oh
 F G Am
 As if we're leaving here someday
