Tom: **Bb**

SOLO

The whole song is structured around these four chords. Listen to the **CD** for timing.

This day is getting older and the fading light is beautiful
 This wind is blowing colder and too soon i'll feel its pull
 still i took all my chances burned myself an even scar trying
 to learn my lessons well
 and i don't have the answers for those questions anymore, only
 love can be both heaven and hell
 so steady up steady up your heart for the road is long ahead
 i'll be with you even though we are apart but this road is
 yours to tread
 and so it goes, and so it goes and so it goes, slows your mind

i've grown old on this ocean, gave her all my stronger years
 gave my wife my devotion when she died the ocen my tears
 i've tried to teach you well son, all of everything i knew of
 how to live this life be true
 don't bow your head to no one and no matter what you do if you
 start then see it through

so steady up steady up your heart for the road is long ahead
 i'll be with you even though we are apart but this road is
 yours to tread
 and so it goes, and so it goes and so it goes, slows your mind

Enjoy,
 Neeky xoxo
