

# The Beautiful Girls - My Mind Is An Echo Chamber

Tom: Gb

Intro: Ebm B Gb Db  
Eb Gb Db

See, I feel so lost without you  
Without you near to me  
See, I feel so cold without you  
Without you here to see  
This world keeps spinning 'round, it's  
It's orbit here in space  
And each time I look around, I  
I swear I see your face  
I see your face...  
I swear I see your face, there  
And I know at times I've tested  
Your patience, hurt your soul  
But never have I suggested  
We ever let this go

Now I miss you more than you could  
Could ever realize  
And if I could take it back, I  
I promise you I'd try  
I'd...

Tell you we could make it matter  
Tell you we could make it good  
I've got a heart that's made to shatter  
Maybe that's the way it should  
And I know this world gets crazy  
Well I lost all self-control  
Where are you to come to save me?  
When I need you near to hold?  
( Dm Gb Db )

Oh, my mind is an echo chamber...  
Oh, my mind is an echo...

## Acordes
