                                                               Wish we'd gone so far away
I got paid when I was on the road
                                                               Well now I
In a heartbeat, Mama said Mama said
                                                                Can't stay
You got a one track mind, but you ain't gonna get all the time
                                                                ( E B A E ) 2x

Just to get away from you
                                                               With a one track mind if you don't get lucky some time
I searched far and wide, hopin' I was wrong

But baby all the good women are gone
                                                               I'm tryin'
                                                               I went from San Berdoo to Kalamazoo
