

## The Black Keys - Nova Baby

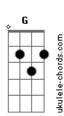

```
Intro: G Em 3x B C 2x Em Bm 3x A
Verse:
You walk around in other towns
                                      Rm
I've seen you out just hangin around
It's what you choose and i suppose
You'll meet me one day
Meet me one day
                                      Bm
You throw away every other dream
                                      Bm
Taking over baby to the dollar machine
That party dress is such a mess
You'll need me one day
Need me one day soon
 G Em
All your enemies
Smile when you fall
G Fm
Take it cause' you
                                 C
Don't know what you want
Don't know what you want
Oh this love of mine
 G Em
All my precious time
You waste it cause' you
                                 C
Don't know what you want
                                 C
