

The Blue Stones - Baby Be My Fire

tom:

Intro: Gbm E Bm Gbm

[1ª Parte]

Baby, be my fire

Baby, be my flame

Baby, be the softly burning embers

Through December until June calls your name

Baby, be my conjurer

And I'll hold you dear

Baby, be the visions in the night

And wait till morning light for you

To disappear

[Refrão]

Baby, be my fire

Baby, be my fire

Baby, be my fire

Oh, be my flame

[2ª Parte]

Well, I heard you whisper

To all your friends

I heard you telling them that

You need a man in whom

You can depend

Well I'd be the gasoline

To keep you alive

And I'd be the coal

So unbreakable

We'd burn together

Straight through the night

And that's alright

[Refrão]

Baby, be my fire

Baby, be my fire

Baby, be my fire

Yeah, I'll hold you there

So close

[Solo] Baby, be my fire

Baby, be my fire

Baby, be my fire

Baby, be my fire

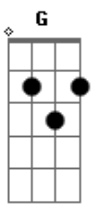

Yeah, I'll hold you there

So close

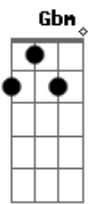

Baby, be my fire

Baby, be my fire
