

# The Bosshoss - Little Help (feat. Mimi, Josy)

tom:

Intro: Am Am

[1ª Parte]

Wanna get the full devotion 'cause it's taking you higher  
 Wanna get the most of all to gratify your desire  
 Wanna get the most admiration, the biggest slice  
 The most likes, check you out, you're a public sell out  
 Wanna get the full attention, please your narcissism  
 Wanna get the full spot to show us what you do in your kitchen  
 Wanna get the 24/7 for a limelight  
 By giving up your private life

[Refrão]

If you need a little love my friend  
 Come along I will understand  
 If you need a little faith, my dear  
 Come along I will be here  
 And if you need a little help  
 That'll never end  
 Come along and take my hand  
 If you need a little love I'll be your friend  
 ( Am E )

[2ª Parte]

Wanna get the most of showing off by showing your stuff  
 Wanna get response and praise and virtual embraces  
 Wanna get your life judged and rated  
 by unknown faces  
 Zeroed in by anonymous phrases  
 Wanna get control of your virtual life  
 Wanna get the thumb up or down for your emotional drive  
 Wanna get your kicks out of pics people share in reply  
 What's the sense, please tell me why?

[Refrão]

If you need a little love my friend  
 Come along I will understand  
 If you need a little faith, my dear  
 Come along I will be here  
 And if you need a little help

That'll never end  
 Come along and take my hand  
 If you need a little love I'll be your friend

[Ponte]

Don't give yourself away and your personality  
 If someone pulls the plug you'll end up sad and lonely  
 On your couch in the hotspot front row  
 Think you're a hero and you really want the world to know  
 I'll be your friend, I'll be your friend, your  
 friend

( Am E Am E )  
 ( D C B )

[3ª Parte]

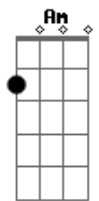

Wanna get the fame of a VIP and you're paying the price  
 But it's just fame in a frame till your batterie dies  
 Wanna get the max of clicks and you chat and you chase  
 But when I talk to you, you can't even look in my face  
 Without your device you don't know how to think  
 Gotta check your insta friends, 'cause you're an influenced  
 thing  
 But you never get what you see when they're posing real cool  
 Get a life you little fool

[Refrão]

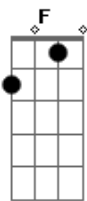

If you need a little love my friend  
 Come along I will understand  
 If you need a little faith, my dear  
 Come along I will be here  
 And if you need a little help  
 That'll never end  
 Come along and take my hand  
 If you need a little love I'll be your friend  
 If you need a little help  
 If you need a little help  
 If you need a little love  
 If you need a little love  
 If you need a little love  
 If you need a little love  
 If you need a little love  
 I'll be your friend
