

The Brothers Bright - Blood On My Name

Tom: E Were you so afraid? Dbm There's a reckoning a-coming Dhm And it burns beyond the grave When the fires, when the fires have surrounded you With the whole wide world coming after you Lead inside my belly Cause my soul has lost its way Ab I've got blood, I've got blood on my name Ghm Oh Lazarus Dbm When the fires, when the fires are consuming you How did your debts get paid? And your sacred stars won't be guiding you Gbm Ab Oh Lazarus I've got blood, I've got blood Ah Dbm Were you so afraid? Blood on my name Dbm Ab When the fires, when the fires have surrounded you It wont be long With the hounds of hell coming after you Ab Ab Till I'm dead and gone I've got blood, I've got blood on my name Ab It wont be long Dbm When the fires, when the fires are consuming you And your sacred stars won't be guiding you Till I'm dead and gone I've got blood, I've got blood Dbm Watch the fires rise under my skin Down to the bone Blood on my name Scorching my soul Not a spell gonna be broken with a potion or a priest Nowhere to run When you're cursed you're always hoping That a prophet would be grieved Gbm When the fires, when the fires have surrounded you With the hounds of hell coming after you Oh Lazarus Gbm Ab How did your debts get paid? I've got blood, I've got blood on my name Ghm Oh Lazarus When the fires, when the fires are consuming you And your sacred stars won't be guiding you Ah Were you so afraid? Gbm I've got blood, I've got blood Dbm Can't you see I'm sorry Blood on my name I will make it worth your while Made of dead man's money When the fires, when the fires have surrounded you You can see it in my smile Gbm And the whole wide world coming after you Oh Lazarus I've got blood, I've got blood How did your debts get paid? Dbm Blood on my name Ghm Oh Lazarus
