

# The Builders And The Butchers - Vampire Lake

Tom: G  
Intro: Am G Em A

A  
Oh, vampire lake  
C G A  
Teach me everything I need to know

A  
If a place a hundred miles  
C G Am  
beneath the surface is a place that I call home  
C  
And it takes a bite on me  
G A C  
To resurrect my body

Oh, vampire lake  
C G A  
Where sixteen vampires are hiding from the sun

And a cold talkin' wind  
C G A  
And a single silver bullet from a gun  
C  
And it takes a bite on me  
G A C  
To resurrect my body  
C  
I said it takes a bite on me  
G A  
To resurrect my body

A

Oh, vampire lake  
C G A  
Where the chained and drowned will teach you how to breathe  
C  
And you can walk across the land by moonlight  
G A  
And live eternally  
C  
And it takes a bite on me  
G A  
To resurrect my body  
C  
I said your neck looks good to me  
G A  
I wanna reinvent your body  
C  
( A Em A )

Oh, vampire lake  
Cm G Am  
Teach me everything I need to know  
Cm  
So I can walk amongst the living while the blood that's  
Cm  
runnin'  
G A  
through my veins is cold  
C G  
And I'll take a look at my reflection and not see a goddamn  
A  
thing  
G  
I said your neck looks sweet and lovely  
G  
To a vampire on the lake

## Acordes
