                          Em7     D (Riff1)
I've been thinking about you, my love
    Bm7                       C           D
And all the crazy things that you put me through
        Em7            D               Bm7    C   D
Now I'm coming around, Throwing it back to you
                     Em7          D  (Riff1)
Were you thinking of me when you kissed him
         Bm7               C        D
Could you taste me when you licked his skin
Em7           D                    Bm7          C    D
All the while I showerd you with trust and promises

         (Am7 )               (C )
What I'm needing now is some sweet revenge
   (C )              C    D
To get back all that I lost then
(Am7 )         (C )                  (C )      C   D
D D
I gave you all I had to give, never seem to reach you

       Em7  D   Bm       C D
Adrienne, I thought I knew you
  Em7     D  Bm        C  D
Once again, you used me, used me
  Em7  D   Bm         C  D
Adrienne, I should have left you

        Em7               D (Riff1)
Spent my money, drove my car
 Bm7                  C      D
I treated you like a shining star
    Em7       D             Bm7    C
But in my sky all burnt out you are
D                 Em7   D (Riff1)    Bm7               C

And I'll have the last laugh, when I see you walking some
other guy
         Em7               D          Bm7     C D
'Cause I know you're gonna end up all alone

   (Am7 )                  (C )
So take these words, some good advice
(C )                         C      D
All you've done's gonna come back twice
(Am7 )              (C )           (C )         C    D
