You know your kiss confuses

This troubling soul  
And I found out

The we're all breaking hearts

That we're all broken hearts

CHORUS:

If only love could find us all

Ab Db  
If only hearts didn't have to fall

Ab Bbm  
So instead we'll sleep alone tonight

These walls we made are glass

Gb  
And they have been know to crack  
But until then

You'll keep pushing my way

And I'll keep pushing you way

CHORUS

Ebm Gb  
If you want to take a change

Bbm  
And try to make things right

Db Ab Ebm  
You better have a reason to be loved

Gb  
We all want something more

Ebm Db  
And it is worth fighting for?.

And somehow fate were in my hands
