**Am**  
Oh, my heart can't carry much more  
**Em**  
My heart don't care anymore  
**G2**  
I really can't bear more  
**Am**  
My hands don't work like before  
I shiver and I scrape at your door  
**Em**  
My heart can't carry much more  
**D** **C** **Em**  
But you couldn't care less, could you?  
**Am**  
Your face don't look like before  
**Em**  
Your eyes don't like me no more  
**G2**  
They quiver and they shift to the floor  
**Am**  
My heart don't beat like before  
**Em**  
No, my blood don't flow anymore  
**D** **C** **Em**

And you couldn't care less, could you?

**C** **G2** **Am** **G** **C**  
Could we stop and sleep for a spell  
**C** **G2** **Am** **G** **C**  
We can turn this ditch into a well  
**C** **G2** **Am** **G** **C**  
And send that old devil back to hell  
**D** **C** **Em**  
But we really don't care, do we?

**C** **G2** **Am** **G** **C**  
Baby, let's stop and sleep for a spell  
**C** **G2** **Am** **G** **C**  
We can turn this ditch into a well  
**C** **G2** **Am** **G** **C**  
And send that old devil back to hell

**Am**  
Your back's not straight like before  
You really shouldn't carry me no more  
**Em**  
I'm much too heavy for you  
I'm really quite a mess, yes  
**Am**  
We just don't care anymore  
We're crooked and we're cut to the core  
**Em**  
We're just not there anymore  
**D** **C**  
But we really don't care, do we?  
**D** **C**  
No, we couldn't care less  
**D** **C**  
We couldn't care less  
**Em**  
Could we?
