

# The Cardigans - Live And Learn

Tom: **D**

(G, D, A, D, **A**) Intro

(G, D, A, D, **A**)  
 I came home in the morning  
 And everything was gone  
 Oh what have I done  
 I dropped dead in the hallway  
 Cursing the dawn  
 Oh come on son  
 Why must I burn  
 I'm just trying to learn

(G, D, A, D, **A**)

I stared into the light  
 To kill some of my pain  
 It was all in vane  
 Cause no senses remain  
 But an ache in my body  
 And regret on my mind  
 But I'll be fine

**G** **D**  
 Cause I live and I learn

**A**  
 Yes I live and I learn  
**Em** **D**  
 If you live you will learn

**Gbm**  
 I live and I learn

(G,D,A, D, **A**)  
 God kicked you in the head  
 So I started a fight  
 Cause I knew I was right

But I learned I was wrong  
 I remember a slaughter  
 I remember I fought  
 For the money I brought  
**G** **D**  
 I got blistered and burned

**A**  
 And lost what I earned  
**Em** **D**  
 But I live and I learn

**A**  
 Yes I live and I learn

(Em,D, **A**)

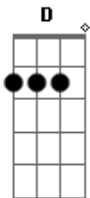

I got, I got it now  
 She's got, She's got it now

(G, D, A, D, **A**)  
 I came to one a corner  
 With some help from a man and goddamn  
 I don't seem to have learn  
 That a lady in need is guilty indeed  
 So I paid and got laid in return

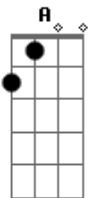

**Gbm**  
 And I don't know what I've learned

(G, D, A,D, **A**)  
 Well you get what you give  
 And hell yes I lived  
 But if you live as you learn  
 I don't think I'd be learned  
 Oh with the sun in my eyes  
 Surprise, I'm living a life  
 But I don't seem to learn  
 No I don't think I can learn
