

The Cardigans - Please Sister

Tom: C

Verse 1 :

Am Em Dm G
 When a sampled heartbeat and a stolen soul
 Am Em Dm G
 I sold my songs to have my fortune told
 F C G Am
 And it said You should know that love will never die
 Am Em Dm G Am Em
 But see how it kills you in the blink of an eye

Verse 2 (same as V1):

I know of love as a hot white light
 That knocks you down and then leaves you to dry
 Oh, how can it be sweet mamma tell me why
 Why all love's disciples have to wither and die

Chorus :

Am Em Dm G
 Please sister help me come on do what you should
 Am Em Dm G
 Please give me something I'm not doing so good
 F C G Am
 I'm gone down wrong is there nothing you can say
 Am Em Dm G Am
 Please sister help me I'm not feeling ok

Am Em Dm G (x2)

Verse 3 (same as V1) :

Give me belief that my time will come
 and a toll free helpline if I find someone
 but she said You gave away what you never really had
 and now your purse is empty I can see why you're sad.

Chorus :

Oh Please sister help me come on do what you should
 Please give me something I'm not doing so good
 I'm gone down wrong is there nothing you can say
 Please sister help me can you make me feel ok
