

# The Cat Empire - All Night Loud

Tom: **Db**  
Intro: **C#**, **Ab**

**Bbm**  
Ever since I was 16  
**Gb**  
I wished that spring would come to me  
**Ab**  
And I wished that I could dance upon the isles  
**Bbm**  
Sweat rivers on a stage of steam  
**Gb**  
I let my thoughts begin to dream  
**Ab** **Db**  
I held my breath and ran into the wild

**Bbm**  
And each night a horizon grew  
**Gb**  
In all of us or just a few  
**Ab**  
Til morning's gold would make it disappear  
**Bbm**  
Yet somewhere in my treasured chest  
**Gb**  
Is not forgot what must forget  
**Ab** **Db**  
But that's a feeling for another year

**Bbm**  
And movement has a way like words  
**Gb**  
You're there before the rhyme is heard  
**Db** **Ab**  
And all that one can do is shape the ride  
**Bbm**  
The miles of a forgotten dream  
**Gb**  
Are yours my love it's where we've been  
**Ab** **Db**  
And maybe one day soon we will arrive

**Db** **Gb** **Db**  
Playing all night loud  
**Gb** **Db**  
Playing all night loud  
**Ab** **Bbm** **Gb**  
Sing it all night with me  
**Ab** **Db**  
All night loud

**Bbm**  
And we went on a whirlwind trip  
**Gb**  
The nights unwound the records flipped  
**Ab**  
And stillness came like chaos in the lights  
**Bbm**  
And voices like devotion flew  
**Gb**  
Across the sea from me to you

**Ab** **Db**  
In music that I still cannot describe

**Bbm**  
And there were ugly times it's true  
**Gb**  
Some from me and some from you  
**Db** **Ab**  
And devils have a way of digging down  
**Bbm**  
But a friend is not a friend for life  
**Gb**  
Unless your life is worth the strife  
**Ab** **Db**  
So hold on we'll be alright

**Db** **Gb** **Db**  
Playing all night loud  
**Gb** **Db**  
Playing all night loud  
**Ab** **Bbm** **Gb**  
Sing it all night with me  
**Ab** **Db**  
All night loud

**Bbm**  
There's a speech that I know well  
**Gb**  
Was told by Henry V I'll tell  
**Ab**  
A version that relates to us not war  
**Bbm**  
"He who sheds his sweat with me  
**Gb**  
Will be my friend eternally  
**Ab** **Db**  
From this day to the ending of the world!"

**Bbm**  
No matter if we're young or old  
**Gb**  
Or in the sun or in the cold  
**Db** **Ab**  
I hope I can remember your bright eyes  
**Bbm**  
'Cos I know you and you know me  
**Gb**  
At least somehow mysteriously  
**Ab** **Db**  
So thank you my dear friends and that's goodnight  
  
I'm much obliged  
**Gb**  
I'm much obliged  
**Ab** **Db**  
So thank you my dear friends and that's goodnight  
  
I'm much obliged  
**Gb**  
I'm much obliged  
**Ab** **Db**  
So thank you my dear friends and that's goodnight

## Acordes
