

The Chainsmokers - Call You Mine (feat. Bebe Rexha)

Tom: **G**
Intro: **C Em D**

[Primeira Parte]

C
Two kids with their hearts on fire
Who's gonna save us now?
Em
When we thought that we couldn't get higher
D
Things started looking down
C
I look at you and you look at me
Like nothing but strangers now
Em
Two kids with their hearts on fire
D
Don't let it burn us out

C
Think about what you believe in now
Am I someone you cannot live without?
Em
'Cause I know I don't wanna live without you, yeah
D

C
Come on, let's turn this all around
Bring it all back to that bar downtown
Em
When you wouldn't let me walk out on you, yeah
D

[Pré-Refrão]

C
You said, "Hey, whatcha doing for the rest of your life?"
Em
And I said, "I don't even know what I'm doing tonight"
C
Went from one conversation to your lips on mine
Em
And you said, "I never regretted the day that I called you mine"
D
So I call you mine
C

[Refrão]

(**Em G**)

C
Can I call you mine? (Ooh)
Am
And you said, "I never regretted the day that
D
I called you mine"

[Segunda Parte]

C
Broke kids running through the city
Drunk on the subway train
Em
Set free every time you kissed me
D
We couldn't feel no pain
C
You looked at me and I looked at you
Like we'd never look away
Em
Broke kids running through the city

Don't let the memory fade
