RIFF

CHORUS

D Charlie don't surf and we think he should
D Charlie don't surf and you know that it ain't no good
D Charlie don't surf for his hamburger Momma
Gbm7 Charlie's gonna be a napalm star
 RIFF (you can strum with a x-x-0-4-0-2 ? rather than the riff)
 Everybody wants to rule the world
 Must be something we get from birth
 One truth is we never learn
 Satellites will make space burn
D We've been told to keep the strangers out
D We don't like them starting to hang around
D We don't like them over town

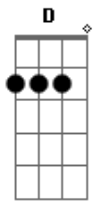

Gbm7

Across the world we are going to blow them down
 CHORUS

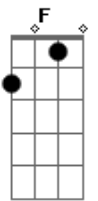

RIFF

The reign of the super powers must be over
 So many armies can't free the earth
 Soon the rock will roll over
 Africa is choking on their Coca Cola
D It's a one a way street in a one horse town
D One way people starting to brag around
D You can laugh, put them down
Gbm7 These one way people gonna blow us down
 CHORUS
 Charlie don't surf he'll never learn
 Charlie don't surf though he's got a gun
 Charlie don't surf think that he should
 Charlie don't surf we really think he should
 Charlie don't surf
 Charlie don't surf and we think he should
 Charlie don't surf and you know that it ain't no good
 Charlie don't surf for his hamburger Momma
 Charlie don't surf
