Oke, well I noticed that there is just not one good tab for this song on the internet,I tried to play it by ear, and I think that it worked out pretty well. This is a very awesome not hard to play song. Just listen to the song and you will get rhythm. I'm pretty shure these chord are the right ones cause when I play along to the it sound the same to me. I hope it helps you, enjoy!
Tuning: standard

Em G Bm Bm Em A C D

Verse 1

Elevator getting up!
In the Gleaming corridors of the 51st floor.
The money can be made if you really want some more
Executive decision-a clinical precision
Jumping from the windows-filled with indecision

Chorus 1

I get good advice from the advertising world.
Treat me nice says the party girl
Koke adds life where there isn't any
So freeze, man, freeze

Verse 2

It's the pause that refreshes in the corridors of power
When top men need a top up long before the happy hour
Your snakeskin suit and your alligator boot
You won't need a launderette, you can send them to the vet!

Chorus 2

I get good advice from the advertising world.
Treat me nice says the party girl

Koke adds life where there isn't any
So freeze, man, freeze

Bm Em
Strolling down the Broadway in the rain
Bm Em
Neon light sign says it
Bm Em
I read it in the paper-they're crazy!

Chorus 3

G Em D
Suit your life, maybe so
G Em D
In the White House-I know
G C D
All Over Berlin (they've been doing it for years)
G
And in Manhattan!

Verse 3

Coming through the door is a snub nose 44
What the barrel can't snort it can spatter on the floor
Your eyeballs feel like pinballs

-No Guitar-

And your tongue feels like a fish

You're leaping from the windows-saying don't

-Guitar starts again-

Bm A
Don't give me none of this!
G Em D
