Tom: G

Tom :Em

Em D Em D
 Must I get a witness? for all this misery
Em D Em D
 There's no need to, brothers everybody can see
Em D
 That its one more time in the ghetto you know
Em D
 One more time if you please now
Em D
 One more time to the dying man
Em D

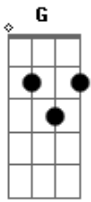

They say one more time if you please

The old lady kicks karate
 For just a little walk down the street
 The little baby he knows kung fu
 He tries it on those he meets
 Cos its a one more time!

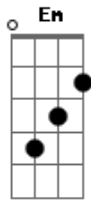

You don't need no silicone to calculate poverty
 Watch when Watts town burns again
 The bus goes to Montgomery

Cos it's a one more time in the ghetto
 One more time if you please
 One more time for the dying man
 One more time to be free
