Tom: G

```
        G     D   C  G
It is you, oh yeah
        G     D   C  G
It is you, oh yeah

         G
I said a pressure drop,
   D
Oh pressure
       C                    G
Oh pressure's gonna drop on you
         G
I said pressure drop
   D
Oh pressure
       C                    G
Oh pressure's gonna drop on you

         G
I said when it drops
         D
Oh you gonna feel it
       C                    G
Oh that you were doin' it wrong, wrong, wrong
       G
Now when it drops
```

```
         D
Oh you gonna feel it
         C                        G
Oh that you were doin' it wrong and how

I said when it drops
You gonna feel it
That you've been doin' it wrong
Now when it drops, drops
Oh you gonna feel it
That you've been doin' wrong

I said when it drops, drops
Feel it
Oh you better move
Now when it drops, drop
Feel it
That you've been it doin' wrong

I said, pressure drop
Oh pressure, oh yeah
Pressure's gonna drop on you
I said pressure drop
Oh pressure, oh yeah
Pressure's gonna drop on you

Pressure, pressure
Pressure, pressure
