F Bb
I wanna feel just like before
Gm
Before the rain came in my door, Shook me up turned me around

Made me cry till I would drown

Stole the daylight, brought the night
Gm
So much anger I would fight, Lost my youth and the blue
F
Saw all the loneliness in you
Bb
Wanna help you give my love
Gm
Shine some light out from the mud, Fill the empty find a rhyme
F
A brigther day a better time
Bb
But I'm wondering where I'm gone
Gm
Can't find the truth within my song, And all I have give to you
C
To let you know you're not alone

I'm telling you

I'm smiling for you only (only...)

I wanna hear you laugh again
Gm
Without the ache to bring you down, No we'll never be the same

There still is beauty in each day, We'll find comfort in her strength

One day soon we'll meet again
