

The Cosmic Surfer - Easy to Say

Tom: G

It's so easy to say
 Not so easy to do

I got a picture in my head
 Of how I want all things to be
 It doesn't mean that's right, instead
 Determine if you want to flee

It's so easy to say
 Not so easy to do

I got a fire in my bed
 Extinguish possibility
 You feel profound, I'm overhead
 Confounded by simplicity

It's so easy to say
 Not so easy to do
