

# The Cosmic Surfer - Supernatural Blues

Tom: G

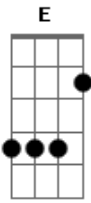

Well I walked a thousand miles  
 Been to see the farthest lands  
 Well I've lived above the mountains  
 And I've crossed the desert sands  
 And I've been through every city with a fire in my hands  
 The Spirits give me reason  
 Making sure I understand  
 They took me as a baby

And returned me as a man  
 They said to spread the word  
 Go play your music in a rockin' band  
 Well I'll meet you by the river  
 And you can be my Indian guide  
 I'll give you all of my possessions  
 If you take me on the midnight ride  
 You can take me up to Heaven  
 Or you can leave me on the other side
