

# The Cranberries - Lost

Tom: G  
Intro: Gbm E D E  
Gbm E D E  
Gbm E D E

Feel the storm is coming in  
I wonder where should I begin  
In the past  
In the past  
I feel I'm dwelling in the past  
I know the time is moving fast  
And you know

[Pre-Chorus]  
I'm lost with you  
I'm lost without you  
( Gbm E D E )

I wonder when I should give in  
I wonder when I should begin  
To let it go  
I feel I'm dwelling in the past  
I know the time is moving fast

I want you to know

I'm lost with you  
I'm lost without you

Bring in the night  
Bring in the night

Bring in the night, bring in the night, bring in the night  
Bring in the night, bring in the night

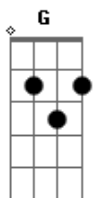

Lost with you  
And lost without you  
I'm lost with you  
And I'm lost without you  
(So lost, so alone)

Yeah, I'm lost without you (So alone, so alone, so alone)

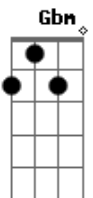

Bring in the night, bring in the night, bring in the night  
Bring in the night

[Final] Gbm E Dbm D
