

# The Cranberries - Raining Im My Heart

Tom: C  
Intro: (Am F C )

I've seen it all  
I've seen it all today  
I cried a tear  
I tried to turn away  
But it's raining my heart  
Every time we are apart  
And the sun won't shine today  
So I had to walk away

If I could fly  
You know that I'd try  
If I could fly  
If I could fly  
You know that I'd try  
If I could fly  
Raining in my heart  
It is raining in my heart

So I must leave  
The place where I will go  
You cannot come  
I guess you'll never know  
Still it's raining my heart  
Every time we are apart  
And the sun won't shine today  
So I had to walk away

If I could fly  
You know that I'd try  
If I could fly  
If I could fly  
You know that I'd try  
If I could fly  
Raining in my heart  
It is raining in my heart  
Raining in my heart  
Raining in my heart
