

The Cranberries - Stars

Tom: **C**

Intro: (C,Dm,Bb,**F**)

(C,Dm,Bb,**F**)

The stars are bright tonight

And I am walking nowhere

I guess I will be alright

Desire gets you nowhere

And you are always right

And my, you are so perfect

C **Dm**

Take you as you are

Bb **F**

have you as you are

C **Dm** Bb(2x)

take you as you are

(C,Dm,Bb,**F**)

I love you just the way you are

I'll have you just the way you are

I'll take you just the way you are

Does anyone love the way they are

(C,Dm,Bb,**F**)

The stars are bright tonight

A distance is between us

And I will be okay

The worst I've ever seen us

Still I have my weaknesses

Still I have my strengths

And still I have my ugliness

C,Dm,(Bb(2x))

But I

(C,Dm,Bb,**F**)

I love you just the way you are

I'll have you just the way you are

I'll take you just the way you are

Does anyone love the way they are?

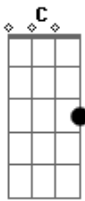

(G,C,Bb,**Bb**)

(repete o refrão)

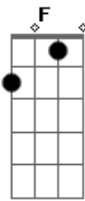

Star, star...
