

# The Cranberries - Still Do

Tom: **G**

Segue os mesmos acordes em toda a música: **Am C D Em**  
Intro: - **Am C D Em**

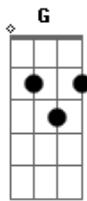

I'm not ready for this  
Though I thought I would be  
I can't see the future  
Though I thought I could see

(Refrão)  
I don't want to leave you  
Even though I have to

I don't want to love you  
I still do

Need some time to find myself  
I wanna live within  
Can I go my own way  
Can I pray my own way  
I don't want to leave you  
I need you  
**Am** I ready for this  
Did I think I would be  
Can I see the future  
No, I can't see
