

The Cranberries - Still Do

Tom: **G**

Segue os mesmos acordes em toda a música: **Am C D Em**

Intro: - **Am C D Em**

I'm not ready for this
Though I thought I would be
I can't see the future
Though I thought I could see

(Refrão)

I don't want to leave you
Even though I have to

I don't want to love you
I still do

Need some time to find myself
I wanna live within
Can I go my own way
Can I pray my own way
I don't want to leave you
I need you
Am I ready for this
Did I think I would be
Can I see the future
No, I can't see
