

# The Cure - A Night Like This

Tom: C

Riff:

0 riff é tocado durante toda a música

Letra:

Say goodbye on a night like this  
If it's the last thing we ever do  
You never looked as lost as this  
Sometimes it doesn't even look like you  
It goes dark  
It goes darker still  
Please stay  
But I watch you like I'm made of stone  
As you walk away

I'm coming to find you if it takes me all night  
A witch hunt for another girl

For always and ever is always for you  
Your trust  
The most gorgeously stupid thing I ever cut in the world

Say hello on a day like today  
Say it everytime you move  
The way that you look at me now  
Makes me wish I was you  
It goes deep  
It goes deeper still  
This touch  
And the smile and the shake of your head

I'm coming to find you if it takes me all night  
Can't stand here like this anymore  
For always and ever is always for you  
I want it to be perfect  
Like before  
I want to change it all

I want to change
