

The Cure - Cut

Tom: G

If only you'd never speak to me the way that you do
 If only you'd never speak like that it's like listening to
 A breaking heart, a falling sky, fire go out and friendship
 die
 I wish you felt the way that I still do

 If only you'd never look at me the way that you do
 If only you'd never look like that when I look at you
 I see face like stone, eyes of ice, mouth so sweetly telling
 lies
 I wish you felt the way that I still do, the way that I still
 do

But you don't, you don't feel anymore
 You don't care anymore, it's all gone

 If only you'd never pull from me the way that you do
 If only you'd never pull like that when I'm with you
 I feel hopeless hands helplessly pulling you back close to me
 I wish you felt the way that I still do, the way that I still
 do

 If only you'd ever speak to me the way you once did
 Look at me the way you once did, pull to me the way you once
 did

 But you don't, you don't feel anymore
 You don't care anymore, it's all gone, it's all gone
