

The Cure - Kyoto Song

Tom: D

Bm Bm Bm Bm A Gb Bm Bm

Bm

A nightmare of you

Bm

Of death in the pool

Bm Wakes me up at quarter to three

A I'm lying on the floor of the night before

Gb

Bm

Bm

With a stranger lying next to me

A nightmare of you

Of death in the pool

I see no further now than this dream

The trembling hand of the trembling man

Hold my mouth

To hold in a scream

I try to think

To make it slow

If only here is where I go

If this is real

I have to see

I turn on fire

And next to me

It looks good

It tastes like nothing on earth

It looks good

It tastes like nothing on earth

Its so smooth it even feels like skin

It tells me how it feels to be new

Em

Em

It tells me how it feels to be new

Bm

Bm

A thousand voices whisper it true

Em

Em

It tells me how it feels to be new

Bm

And every voice belongs

C Every voice belongs to you

Bm

Bm

Either play it as straight chords, or use this picking pattern for

each chord. (It doesn't work too well on its own though).
