

# The Cure - Letter to Elise

Tom: **A**

Oh elise **A** it doesn't matter what you say **E**

I just can't stay here every yesterday **Gbm**

like keep on acting out the same **D**

the way we act out

**A** every way to smile

forget

**E** and make-believe we never needed

**Gbm** any more than this

**D** any more than this

**A** oh elise it doesn't matter what you do **E**

I know i'll never really get inside of you **Gbm**

to make your eyes catch fire **D**

the way they should

**A** the way the blue could pull me in

**E** if they only would

if they only would

**Gbm** at least I'd lose this sense of sensing something else **D**

that hides away

**A** from me and you

there're worlds to part

**E** with aching looks and breaking hearts

**Gbm** and all the prayers your hands can make

**D** oh I just take as much as you can throw

**A** and then I throw it all away

**E** oh I throw it all away

**Gbm** like throwing faces at the sky

**D** like throwing arms around

**E** yesterday

I stood and stared

**Gbm** wide-eyed in front of you

**E** and the face I saw looked back

**Gbm** the way I wanted to

**E** but I just can't hold my tears away

**Gbm** the way you do

**G** elise believe I never wanted this **Gbm**

**G** I thought this time I'd keep all of my promises **Gbm**

**G** I thought you were the girl always dreamed about **Gbm**

**Bm** but I let the dream go

**D** and the promises broke

**A** and the make-believe ran out...

**A** so elise

it doesn't matter what you say **E**

I just can't stay here every yesterday **Gbm**

**D** like keep on acting out the same

the way we act out

**A** every way to smile

forget

**E** and make-believe we never needed

**Gbm** any more than this

**D** any more than this

**A** and every time I try to pick it up **E**

like falling sand

**Gbm** as fast as I pick it up

**D** it runs away through my clutching hands

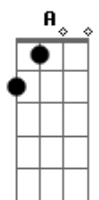

**A** and there's nothing else I can really do

**E** there's nothing else I can really do

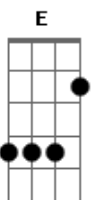

**Gbm** there's nothing else I can really do

**D** at all...
