

# The Cure - Underneath The Stars

Tom: **A**  
Intro: **Gbm A Dbm B** (x2)

**Dbm**  
Floating here like this with you

Underneath the stars alight

**B**  
For 13 billion years the view

It's beautiful, and ours alone tonight **A**

**E**  
Underneath the stars

**Dbm**  
Spinning round and round with you

Watching shadows melt the light

**B**  
Soft shining from our eyes, into a tear

Another space is ours alone tonight **A**

**E**  
Watching shadows melt

Solo - **Dbm E**

**A** **E**  
The waves....break  
The waves....break

Verse chords

Whisper in my ear, a wish  
"We could drift away so far"  
Your voice inside my head, a kiss  
It's infinite, and ours alone tonight  
Watching shadows melt or We could drift away

Solo - **Dbm E**

Flying here like this with you  
Underneath the stars alight  
For 13 billion years the view  
It's beautiful, and ours alone tonight  
Underneath the stars

**Gbm**  
With everything gone

And all still to come? **A**

Together as now **Dbm**

**E**  
Forever as one

(Same Chords)  
In each other's arms  
So near and so far  
Together as now  
Underneath the stars

**A** **E**  
As the waves....break
