The Cure - Why Can't I Be You

Tom: F

```
    Dm                          Bb        G
You're so gorgeous I'll do anything
I'll kiss you from your feet to where your head begins
You're so perfect, you're so right as rain
You make me make me hungry again

  F                       E
Everything you do is irresistible
  F                                E
Everything you do is simply kissable
 Dm        Bb-G
Why can't I be you?

I'll run around in circles 'til I run out of breath
I'll eat you all up or I'll just hug you to death
You're so wonderful too good to be true
You make me make me hungry for you

Everything you do is simply delicate
Everything you do is quite angelicate
Why can't I be you?

You turn my head when you turn around
You turn the whole world upside down
I'm smitten I'm bitten I'm hooked I'm cooked I'm stuck like
glue
You make me make me hungry for you

Everything you do is simply dreamy
Everything you do is quite delicious
Why can't I be you?
Why can't I be you?
Why can't I be you?

You're simply elegant!!!
