

The Dead South - Banjo Odyssey

Tom: G

(G Am Bb)

m

Intro: Gm

Tore up the restraining order, I don't care I'm comin' over
 What your daddy said isn't goin' over too well
 Don't you know not to kiss and tell?

Mother said "She's my brothers daughter" and I don't even know
 who's my father
 I guess she's my cousin but she needs some sweet lovin'
 anyway!

Pulled you out by your hair, if people ask I was never there
 Come on baby and take a ride with me
 Come on baby let's drive to the sea

Mother said "She's my brothers daughter" and I don't even know
 who's my father
 I guess she's my cousin but she needs some sweet lovin'
 anyway!

(G Am Bb)

It's a hot night drivin' down highway sixty with my baby in
 the passenger seat
 I roll down the window and I lean my head back and put my foot
 to the floor
 We're going faster and she's saying slow down
 We're going faster and she's saying slow down
 We're going faster and she's saying slow down
 We're going faster and she's saying slow down
 And I say no and she's saying slow down
 And I say no and she's saying slow down
 And I say no and she's saying slow down
 And I say no and she's saying slow down
 And I say no and shes screaming slow down
 And I say no, no

Mother said "She's my brothers daughter" and I don't even know
 who's my father
 I guess she's my cousin but she needs some sweet lovin'
 anyway!
