

The Distillers - Coral Fang

Tom: **A**

[**F D A A**]

It's come take from the rope
It feels so still I could just die
It's going to reach up inside
Oh how the blood stains well on white

[**E A Ab A**]

Ooh the coral fang sinking in to make you well
Ooh the coral fang sinking in to make you ill

[**F D A A**]

It's come to rape what you hide
It fills the years with reprise, disgust, disguise
I see burn my own funeral pyre
An from you're mouth I will rise out

[**E A Ab A**]

Ooh the coral fang
sinking in to make you well
Ooh the coral fang
sinking in to make you ill

[**F D A A**]

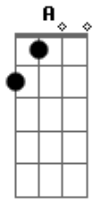

When the fang sinks in my skin
When the fang sink's down in
Make your eyes white and roll right into him
When the coral stains the skin
Disease is cheap scars are polished clean

[**E A Ab A**]

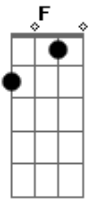

Ooh the coral fang
sinking in to make you well
Ooh the coral
fang sinking in to make you ill
