

The Doors - Light my fire

```
E|-----|
Intro: G D F Bb Eb Ab A
                                                             Try now we can only lose
                                                             And your love becomes a funeral pyre
                                     Nas partes Am7 Gbm7
                                                             Come on baby, light my fire
                                                                                 D B7
Am7
                                                             Come on baby, light my fire
                                                                           Α
Girl we couldn't get much higher
                                                             Try to set the night on fire
                                                             Am7
Chorus:
                                                             You know that it would be untrue
Come on baby, light my fire
                     D
                                                             You know that I would be a liar
Come on baby, light my fire
                                                             Am7
                                                                               Gbm7
                                                             If I was to say to you
             D
Try to set the night on fire
                                                             Girl we couldn't get much higher
The time to hesitate is true
                                                             Chorus:
                      Gbm7
                                                                                  D D
No time to wallow in the MIRE
                                                             Come on baby, light my fire
Am7
                                                             Come on baby, light my fire
Try now we can only lose
And your love becomes a funeral pyre
                                                             Try to set the night on fire
                                                                                   D D
Chorus:
                                                             Try to set the night on fire
                                                                           C
Come on baby, light my fire
                                                             Try to set the night on fire
                    D B7
                                                                           C
                                                                                  D D
Come on baby, light my fire
                                                             Try to set the night on fire
