

The Doors - Riders On The Storm Intro

Tom: **D**

Hold

Standard Tuning

This is an intro I like to play when there is no organ. If you have a delay with a hold function, you can lay down the bass line and play this over it and it sounds awesome. The ascending e minor scale can be a bit tricky to get down but its awesome when you finally get it. Also, if you want to jam around in the beginning, use the e minor, harmonic minor, and pentatonic minor scale. This is my first tab that I've posted on here, so feel free to send comments and corrections. Have fun!

Riders..
