

The Driver Era - Back to You

tom:
 Back from the down low
 I'm upside down though
 Stranger things have happened here
 Screams, they're so loud
 I'll probably fall out
 Night is like a fairytale
 Drinking too much, I'm a mess
 People are staring, I'm famous
 Want to be no one instead
 Wish I didn't like compliments

'Cause I look for love in all the
 Wrong places, wrong places
 Get high to pass time it's not right
 I should get back to you
 Back to you (I should get back to you)
 Back to you
 Back to you
 Back to you
 Back to you
 Back to you
 I look for love in all the wrong places

Acordes
