 Intro: C G C G

I?m never in the right place
 Always at the wrong time
 But hope is still hopeless
 Even after goodbye
 And even though I miss you
 I tell myself a good lie
 I play it till it?s broken
 ?Cause its all mine
 I was a fool, was a fool, I knew
 Too close to the edge I stood
 You can?t hide in the daylight
 You can?t hide in the daylight
 My silver lining is overdue
 I?m starting new
 And now I?m climbing to better views
 Where skies are blue
 My silver lining is overdue
 I?m starting new

Right now, I?m starting new, right now
 I?m starting new, right now
 (C G C G)
 And after every hard night
 There?s another sunrise
 And if you keep yourself together
 Then you?ll know is gonna be alright
 I was a fool, was a fool, I knew
 Too close to the edge I stood
 You can?t hide in the daylight
 You can?t hide in the daylight
 My silver lining is overdue
 I?m starting new
 And now I?m climbing to better views
 Where skies are blue
 My silver lining is overdue
 I?m starting new
 Right now, I?m starting new, right now
 I?m starting new, right now
